

Diseño e Innovaciones Feriales, S.L. (Difer – Event Crafting)

Sustainable Procurement Policy

At Diseño e Innovaciones Feriales, S.L. (“Difer – Event Crafting”), we are committed to integrating sustainability into our procurement processes. We recognize the environmental, social, and economic impact of our supply chain and strive to make responsible purchasing decisions that align with our corporate sustainability objectives.

This policy applies to goods, services, and works procured by Difer – Event Crafting, including materials, equipment, and third-party services used in the production, and assembly of exhibition stands and event-related infrastructure.

Principles of Sustainable Procurement

Difer – Event Crafting’s procurement approach is guided by the following key principles:

- **Environmental Responsibility:** Prioritizing products and services that minimize environmental impact, including reduced energy consumption, lower emissions, and waste reduction.
- **Ethical Sourcing:** Ensuring suppliers adhere to fair labour practices, respect human rights, and comply with modern slavery legislation.
- **Resource Efficiency:** Promoting the use of recycled, reusable, and sustainable materials in our projects.
- **Local and Fair Trade Procurement:** Encouraging the sourcing of products and services from local and fair trade-certified suppliers to support community development and reduce transportation emissions.

Supplier Expectations

Difer – Event Crafting expects suppliers and subcontractors to:

- Comply with national and international sustainability regulations and industry best practices.
- Implement environmental management systems and demonstrate efforts to reduce their ecological footprint.
- Promote ethical labour practices, including fair wages, safe working conditions, and equal opportunities.
- Engage in reporting on sustainability performance.

Procurement process and evaluation

Difer – Event Crafting integrates sustainability considerations into procurement decisions through:

- **Life Cycle Assessment:** Considering the long-term sustainability of products, including durability, recyclability, and waste management.

- **Supplier Engagement:** Collaborating with suppliers to improve sustainability practices and encourage innovation in eco-friendly materials and production methods.

Continuous Improvement and Monitoring

Difer – Event Crafting is committed to:

- Regularly reviewing procurement policies and supplier performance to enhance sustainability initiatives.
- Setting measurable sustainability goals and monitoring progress to drive continuous improvement.

Policy Review

This policy will be reviewed annually to ensure alignment with evolving sustainability standards, stakeholder expectations, and industry best practices.
